

# **BUILD RELATIONSHIPS**

God put you there for a reason

## SESSION 03 - BUILD RELATIONSHIPS

**REVIEW:** Triangle & Quiet Time (Journaling / Prayer Wheel)

**GOAL:** God has entrusted you with relationships where you live, work, learn, worship, and play. To be faithful stewards of these social circles, we must build relationships with those around us and pray intentionally for spiritual opportunities.

**READ & RETELL:** Luke 5:27-32

### **DISCUSS:**

What does this teach about Jesus?

What does this teach about people?

What do we learn about Matthew's (Levi's) relational circles?

How do we see Jesus impacting Matthew's relationships?

### **TOOL:** RELATIONAL MAP

Draw a map of your relationships where you live, work, learn, play, and worship. This helps you to see who you regularly interact with and assists you in building healthy, purposeful relationships.

Mark whether each person is a believer, a non-believer, or unknown.

This helps you know how to focus and pray

### **TOOL:** PRAYER LIST

### **ACTION STEPS:**

Who on your map is a believer? Who is far from God? Are there people that you don't know where they stand? How can you find out?

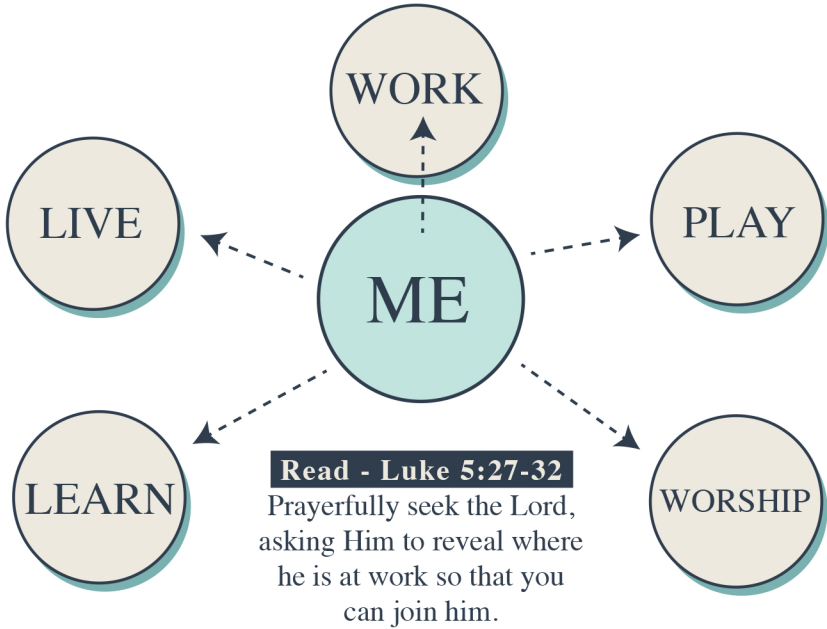

What one or two people could you be more intentional with this week to build a stronger relationship? What will you do?

Who can you reproduce this lesson with this week?

## RELATIONSHIP MAP

To be faithful stewards of our relationships, we must build bridges with those around us where we live, work, learn, play and worship.

## BUILDING RELATIONSHIPS with other believers.

01) Spend time each day reading the Bible and seeking God in prayer.

02) Make a list of 5 followers of Jesus you can encourage.

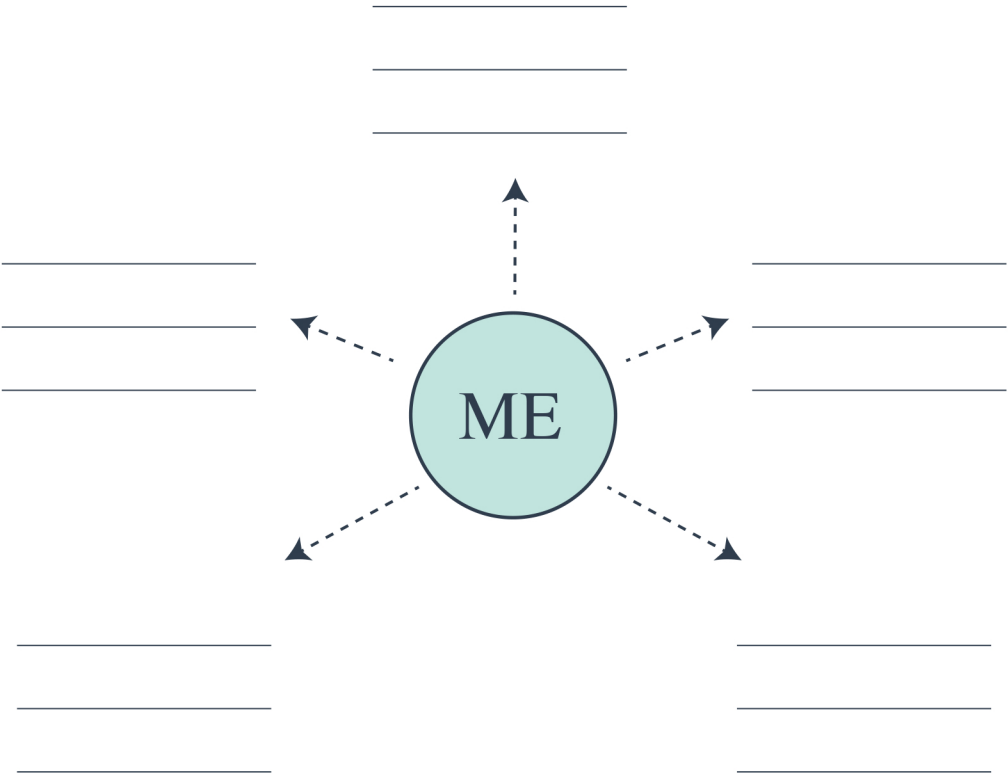

03) Each day of the week call or text one of them, and let them know you are praying for them.

04) Share with them what you read in your Bible that day, what encouraged you and ask them what they read in theirs.

05) Invite them (at least once a month) to join you in something you are already doing to spend time with them.

06) Encourage the people you pray for to do all these same steps (and so on with their list).
